

Submitter: Stephen Todd Jankowski  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB243

I oppose SB 243 as well as Measure 114, and any Second amendment restricting bills or proposals.

The US Constitution & the Oregon Constitution are very clear. We have numerous laws on the books already federally and statewide that need to be honored to protect law abiding citizens American Human Rights. There is none like them in the whole world. Meanwhile Democrats are protecting open borders, MS 13 gang members, El Salvadorian and Venezuelan gang members who are here illegally trading illegal weapons, drugs and human trafficking, raping women and children.

The only people we should be worried about having weapons of any kind are those just mentioned

which are being indirectly or perhaps even directly supported by Governor Kotek, and the current Democrat State Government.

We the law abiding citizens of Oregon and the United States are the majority. We respect our communities, follow existing federal and state laws regarding gun ownership and firearms, and are definitely not the problem as we have seen in recent months, years, and overtime criminals do not follow laws. Yes they are being supported by the Marxist Democrats in power.

Remember ...rights are not gifts from government!

You work for us and we respectfully request you fully honor and advocate the majority of Oregonians feelings and our federal and state rights.

What's next? We have to demand FBI Patel, Director of Intelligence Tulsi, Homeland Security Homan, and DOJ AG Pam Bondi uncover more lies, cover ups, and support for illegals or violent criminals instead of protecting American human rights??

If you love the pathway of being a subject like Canada or England so much instead of a free citizen please move out of the country as soon as you can. Take a good look at those places or countries. They are failing tremendously and have no sovereign, property rights, or true civil rights any longer.

We are not the same. Stop overstepping us and our American human rights or the new administration officials will be showing up sooner than later -guaranteed.

They already are looking at you and you know it! You're not going to win in the long run

I repeat, if you want to be like Canada or England then please leave the USA as soon

as you can. You're not upholding your oath of office or protecting American Human Rights. These are the facts.
