SB110

Hello House Committee on Revenue,

I am writing to ask you to oppose SB 110. For years I have watched the state slowly approach the rough financial situation we are in. It feels like every day I hear about how a lack of revenue is resulting in more cuts to services, no investment in infrastructure, and people being laid off. This huge subsidy of baseball would be a mistake. We need sound, actually backed methods of creating new revenue and this is not it. Studies have shown huge sports stadiums don't create new economic opportunities, but take from local businesses. Not to mention, we shouldn't be spending public dollars on putting more money into millionaire's pockets. That money would be better spent on the pressing issues we already have - housing, transportation, and education.

Please vote no.

Thank you,
Lucy
