

Submitter: Douglas Luckey

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I support expanding SB181 to include ending the use of primates in breeding and research, which has caused needless brutality, suffering, both physical and mental, as well as countless deaths in the thousands of these sentient beings. I also hope and pray that the monkeys are placed in sanctuaries instead of, God forbid(!), they are all euthenazied.
