Dear Chairperson and Members of the committee

I am writing to request that you please pass SB 181

which deals with research on dogs and cats that is paid for with taxpayer money. I am a taxpayer and have been for many years. It breaks my heart that some of the money I have paid in taxes over the years may have gone to funding these awful abuses

of innocent dogs and cats. Honestly a lot of the research I've read about has seemed pointless and

so cruel, not really contributing to our knowledge or understanding in any meaningful way, so I never felt good about it. Then I found out that I might have contributed to PAYING for some of it. Please change that and thank you for the opportunity to share my thoughts.
