SB243

I am writing this testimony in opposition to HB243. This HB is estimated to com in at 14+ million dollars. The state of Oregon is already underwater financially. We are eliminating police jobs due to funding yet trying to push through another gun bill that only hurts law abiding gun owners and FFL businesses. What is also very disturbing is the fact that this was never put before the Ways and Means Committee. This is being pushed through by bureaucrats and our supermajority of democrat leaders.
