Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. I encourage expanding the bill to close down these programs in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. It is horrifying that these outdated abuses are still being done in my home state. I beg of you; bring them to an end.
