

Submitter: Michelle Bombet Minch

On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: SB181

SB 181 is a long overdue humane legislation prohibiting state funding for dog/cat experiments that cause the most suffering.

Additionally, it's time to phase out the primate research center. The primate center currently subjects nearly 1,000 monkeys each year to shocking experiments that are cruel and unnecessary.

The bill should be expanded to close the OHSU primate facility, ending the years of suffering for thousands upon thousands of primates in cruel and unnecessary experiments.

Let's do the right thing and move our state forward in animal welfare.
