

Submitter: Monique Bochsler

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2528

Good morning,

I strongly oppose this bill. As I am not an advocate for anyone or any age to use tobacco. I actually urge all to not start or quit it.

But this bill in itself is an over reach. We can not control grown adults. This is a waste of the bodies time and efforts.

Monique Bochsler
