

Submitter: Linnaea Arnett
On Behalf Of:
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: HB3134

As a physical therapist I see first hand how beneficial it would be to both practitioners and patients to have more autonomy for PTs. We have doctorate level education and are fully capable of screening patients and referring out when they require assessment/treatment outside of our scope. Please pass this bill to improve efficiency and patient care!!
