SB243

I vehemently oppose SB243. Our state is in shambles as a result of our failed leadership over the last 50 years and instead of changing course our state leaders insist on attacking law abiding citizens. SB243 is just another one of these attacks on our rights as gun owners in Oregon and will do nothing to make citizens safer. It has been proven time and time again via FBI statistics that more gun laws do not equate to let gun crime. This bill is nothing but another state over reach. Enough is enough.
