Measure, Appointment or Topic: HB3054

I live in Whaleshead Beach manufactured home community. I purchased my cabin in 2021 and have had my rent increase by 10% each year since. I am worried that I will not be able to afford my home if my rent is not capped at a more sustainable rate. My neighbors have the same concern.

Please, help us to live out our years with the security of knowing we will be able to afford to stay in our homes.
