

9 May 2025

To the Subcommittee for Capital Construction
To whom it may concern for CORAA,

Today I am writing to support the projects of the Lane County Coalition of Recreation, Arts & Athletics. After living in Cottage Grove for the last 20 years plus, the continued support of the Bohemia foundation & CORAA is helping tremendously the community complete north-end improvements at Bohemia Park.

Bohemia Park is a central site here in Cottage Grove & very affordable, no charge upon arrival, to most populations of our semi-rural town.

The Coalition that committed with CORAA have raised 22 million in funds and are requesting 6.34 million to complete 7 capital projects throughout Lane County both in populous & rural areas.

Thank you for your consideration & support to Oregonians & to this CORAA coalition.

Sincerely Michael
Cunningham
