

Submitter: M W

On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which would prohibit state funding for experiments that cause the most suffering to dogs and cats at university laboratories. Please also support an amendment that would phase out the OHSU primate facility in a responsible and humane way for both the animals and the workers.

Please do this, life is short for all of us and these animals want nothing more than to live and give us so much support and comfort. There are alternatives and you know this. Please - make the right choice to stop this.
