Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

Hello, I am writing asking you to please pass SB 243. This bill can save lives. A 72-hour hold can prevent homicides and suicides. We need to take care of our communities and our children. Please help prevent gun tragedies. We have had far too many and they will continue unless we start to pass more gun safety laws. Thank you so much for your time and consideration.
