SB243

Please vote no on this measure. Our second amendment rights are being taken away bit by bit. When I was a kid people went to school with their rifles in the cab of their pickup so they could go hunting or target shooting after school. Not one person shot up a school or each other. We don't need more restrictions. We need more education on gun handling. My grandfather was the leader of the rifle club in the 60's in Fort Rock OR. We need those types of clubs and classes again.

Respectfully

Vickie Griffith
