

Submitter:

Aaron Kottas

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

You only hurt law buying citizens with the rules that you put in place. You're not stopping any violence. You blame a gun violence on the actual weapon, that's like blaming type 2 diabetes on a spoon. I Aaron Kottas oppose this measure. If you continue to pass these measure. I will take my business and leave oregon. Also I will not sell my medical products to either the government of oregon or its citizens.
