

Submitter:

Phil Metcalfe

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

Have you folks lost your minds? Why not work on something that is actually broken? Is this your way of appearing to seem like you're doing something productive? Just look around and see all the things that actually need to be fixed, instead of trying to take away rights of law bidding citizens. Such foolishness. Stop this, and go fix something real.
