I oppose SB 243 because a CHL holders are the best law abiding citizens you can have, a CHL holder has been proven to save more lives than police. Taking away their ability to carry in a public building will just put more lives in danger, more lives lost.

The 72hr wait period will also put more lives in danger because you are making a law abiding citizen that needs to protect themselves unable to when they need it most. Besides being unconstitutional a 72hr wait period will do nothing for suicide prevention.

Making bump stocks and binary triggers illegal will make criminals out of a lot of law abiding citizens that use them either because of disabilities or in competition events. SB 243 is just a bad bill that will cost more lives and cost taxpayers more money.
