

Submitter: Barb Greene

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment SB181  
or Topic:

I support expanding SB181 to include ending the use of primates in breeding and research.

We need to end funding for animal experiments and invest in human-relevant modern non-animal research. We deserve better treatment and safer drugs, and primate experiments fail to provide either.
