

Submitter:	Laurie Mercier
On Behalf Of:	SB 110
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	SB110

Given all the needs in Oregon—to address houselessness, food insecurity, climate disaster, mass transportation, education, Trump administration cutbacks, etc., I am appalled that legislators would consider funding a sports stadium. Research demonstrates over and over that such awards, bailouts and tax incentives never pay out for the community, and only fleece the taxpayers. Please oppose this bill. If private companies think all will benefit from a baseball stadium, they can build with private financing, not with tax incentives.
