On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: SB181

I support expanding SB181 to include shutting down the monkey labs. this is the 21st century and the experimenting that they are doing in the labs is useless. they are not learning anything that they don't already know. technology will tell them more than cruel testing. please pass this bill - show that we have risen above cruelty. thank you....linda holing
