

Submitter: Elizabeth Neumann

On Behalf Of:

Committee: House Committee On Emergency Management, General Government, and Veterans

Measure, Appointment or Topic: SB181

Hello.

Thank you for your time and your hard work. I Would like you to know that I am in support SB181 A . I would also ask you to extend this Bill to include primates and ask that the primate facility at OSHU

be shut down. I do not want my tax dollars going towards experimentation using animals.I am believer in science. Testing and experimenting on animals is cruel and inhumane. Most people don't understand or want to believe that every creature on this earth , be it an insect or a primate, has its part to contribute to the survival and function of our ecosystem.Humans tend to believe they are superior to all other creatures but in my eyes many have shown

me that they are not. But I know and will always believe that there are those who are aware ,who are compassionate and intelligent.Those who recognize the value of other beings and don't condone such flagrant disrespect and cruelty.

Put yourself in place of these other animals. Should you allow any of your loved ones to be producing children for the sake of experimentation? Mother, sister, wife. Would you allow any of your loved ones to be put in a cage and be experimented on as was done in slavery times and by the Nazis in WWII? I would surely think not.

Thank you for your time.

Elizabeth Neumann
