

Submitter: J Finch

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment SB181  
or Topic:

I wholeheartedly support expanding SB181 to include ending the use of primates in breeding and research. A moral society has no place needlessly subjecting animals to experimentation. Please us, as a species, be our best selves. This issue is far more important than a mere legal matter, and reflects on all of us, and says much about who we are. Let's take this important step to end animal experimentation.

Thank you.
