Hello, my name is Shelbi Smith. I am a fire escape victim of the echo Mountain Otis, Oregon Labor Day fire. I was not able to make it personally to this hearing. So I am trying to be heard by using this method. however, I did watch the testimonies, and I would have to say that I could hardly handle hearing anything about that terrible day. I guess all of us fire victims all have very similar circumstances and trama. I have been homeless since the fire and am still barely making ends meet. struggles is all that it seems to be going on since that day has happened. I am depressed and my life will never be the same please but yes on senate bill 926 thank you for your time.
