

Submitter: Becky Nankivell

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: SB547

Oregon Native Plant Appreciation Month provides the opportunity to expand education of the public on the value and importance of native plants. Aside from their beauty and fascinating stories, native plants are essential to sustain our native pollinators, which in turn support birds and other insect-eating animals. A more complex and rich environment is more resilient to perturbations like wildfire and long-term changes like our changing climate. Please support the designation of April of each year as Oregon Native Plant Appreciation Month.
