I Tricia Althen support measure SB118

I will not allow my taxpayer money to be spent on the torture of innocent animals for the sake of medicine and experiment. I would rather die than know that the medicine used to keep me alive was created from an experiment of torture and agony to any animal. My financial investments in the stock market do not involve the use of innocent animals for medicine and experiment.

My heart felt thanks to those who support and have begun the process of stopping horrible pain and torture to innocent animals for the sake of medicine and experiment.

Animals have love, kindness and feelings too.

It must and will come to an end.

Sincerely,

Tricia Althen
