as you may know, Eugene rejected our tax money being spent for a baseball stadium. why would anyone outside of the Portland area support state tax revenue going to another baseball stadium? I CERTAINLY DO NOT. people are becoming aware of this scam by wealthy club owners who make false claims of community benefits. see this article about the Kansas City fight against the club owners. <https://inthesetimes.com/article/kansas-city-stadium-tax-royals-chiefs-democracy>. thank you.
