HB2900

I am an educator who has worked in Oregon schools for 5 years, and I would like to voice my whole-hearted support for this bill. Currently, no other career nor field required 3 yrs probation, and frequent evaluation as educators, and making this change would directly benefit all experienced educators who change to a new district. This would have no fiscal impact on the state but would have a positive impact for educators. Thank you for your support of this bill.
