I urge your support for HB 2596.

School psychologists are vital professionals in our public schools, and we need more of them in Oregon. Let's make it easier to recruit excellent school psychologists from around the country by easing the path to Oregon licensure.

As a speech-language pathologist, I am in support of interstate compacts generally, and believe we need them for many more licensures, including OT, PT, and SLP in addition to school psychologists. HB 2596 is a great step in the right direction for staffing our public schools.
