HB2900

As a 16 year veteran teacher I support this bill. For the first 10 years of my career I was on probation as I was always the last hired and first cut. It is extremely frustrating to have to continually prove my ability to teach even though I have a doctorate degree and multiple successful years of experience. No other field requires this of their staff. We ask to be recognized as the professionals we are. This bill does exactly that. Thank you.
