

Submitter:	Christopher Berner
On Behalf Of:	LandWatch
Committee:	House Committee On Rules
Measure, Appointment or Topic:	HB3971

I support HB 3971. As a lifelong recycler, and an advocate for proper stewardship of our resources, I am in favor of upgrading our recycling systems. Competition among various waste hauling companies is beneficial to the general public, and no one company should have a monopoly on waste processing services. The more plastic, metal and organic waste we can keep out of the landfill, the better for all.
