Vote NO on SB 702A – More Bureaucracy, Less Business! Oregon's businesses are already struggling, and this bill would add more unnecessary regulations while stripping away consumer choice. A blanket ban on flavored tobacco and nicotine products won't solve the real issue—it will only push sales to unregulated markets, harming legitimate businesses and reducing state revenue. Instead of expanding bureaucracy, lawmakers should strengthen enforcement of existing tobacco laws, improve age verification processes, and target illegal sales without punishing responsible retailers and consumers. Oregon needs smart policies, not more restrictions that hurt businesses and drive them away.
