if you think flavored vaping is an issue, how can you allow cigarettes, alcohol and weed? Alcohol causes violence, deaths and sickness. if you're worried about minors/21 under getting to vapes, stop letting gas station stores care them where theyre shoved into children's views. stop allowing the colorful interesting packaging and make it unappealing, all you're doing is causing another issue where people will look elsewhere for them, and i promise you there will be a bigger issue with people getting sicker and dying from fake products because YOU banned them.
