

Submitter: Brad Loseke

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB2081

I strongly oppose this house bill. PERS is not in the least bit affected by climate change. Quit wasting the Investment Council's time and have them work to find a way to find a solution to the PERS problem that is bleeding this state of money. PERS has been and still is poorly managed. It was actuarially broken and unsustainable for years.
