Hi work at a smoke shop where majority of the revenue is tied to vape sales in one way or the other. I think passing this bill not only is going to see a huge shift to consumers using unsafe and unregulated (illegal) ways to obtain vapes. Vapes are an adult choice, and many vapes especially the zero nicotine ones have actually help people quit. Let's not take that away from people. Don't punish responsible businesses for upholding the highest standard when it comes to ID checking. I urge the law makers to stop this bill
