Committee: House Committee On Rules

Measure, Appointment or Topic: HB3971

ONRI represents thousands of Oregonians who are against this bill. This bill is just another example of how much Salem despises Rural Oregonians. The one-party political party that controls our state cares nothing about stewardship of our land and water, although they'd have you believe they do. This bill reflects the absolute mismanagement of our natural resources and our wellbeing. NO ON HB 3971

Sincerely and with grave concern,
