Committee: House Committee On Rules

Measure, Appointment or Topic: HB3971

I am writing in support of the CleanLane Resource Recovery Facility and HB 3971. This bill will clear the way for recovering recyclables and organic materials from the waste stream so that the life of the landfill can be extended and production of methane can be reduced. The bill removes zoning obstacles to landfill improvements.

We must think of a future for our children and invest in more sustainable methods of solid waste management.
