Measure, Appointment or Topic: SB702

I am a recent graduate of at Willamette University and a resident of Salem for the last four years. I plan to stay in Salem after graduation and I want to contribute to keeping my community healthy, which is why I am voicing my support for SB 702A.

Big Tobacco produces products such as Cotton Candy, Watermelon Ice and Cool Mint. And these tactics are successful: Nearly 90% of youth e-cigarette users use flavored products.

Restricting the sale of flavored tobacco products to OLCC holders is a reasonable step to take to protect the health of Oregon kids – and that's why we urge Oregon legislators to pass Senate Bill 702A.

Please protect the health of our Oregonian children!
