

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES HB 3971
Committee: House Committee On Rules
Measure, Appointment or Topic: HB3971

I OPPOSE [HB 3971].

The siting of the proposed Landfill / Composting operation will allow municipalities near the facilities to expand their Urban Growth Boundaries (UGB).

Oregon does need facilities like the one proposed but NOT on County or Municipality lands due to foreseeable UGB expansionary trickery.

The siting of proposed Composting / Landfill operation should be on State Lands to eliminate [or to significantly mitigate] UGB expansionary development gambits.

The State should pay for the facility.

The facility proposed [and others like it] can create 'extremely foul odors' which will not dissipate. The revolting stench will linger, it will not go away.

The disgusting stench will fill your nostrils to the brim, your brain will hurt, you will not be able to sell your house and you will continuously, without ceasing, weep and gnash your teeth.

The notion there will be 'No' public discussion and or input is a nonstarter.

Both the [-1 & -2] Amendments continue to damn [HB 3971] due to its' congenital hypocrisy.

David S. Wall
Mr. Oregon Concurs.
