

Submitter: LuCinda Speague

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: HB2548

Farmers do not need more regulation or Government laws. We have labor laws and that's all that is required. We need to stop finding Loop holes and work within the system. Every new law is getting more complicated for the people and requires lawyers. Our constitution states that we should govern ourselves and that a fifth grader should be able to understand our laws. We are headed into socialism with a bill like this. STOP and bring Oregon back to the awesome living State that we were.
