House Committee On Rules

Measure, Appointment or Topic:

HB2548

I would like to encourage you to Oppose HB 2548. If you are going to have a committee set the wages, benefits and standards for agricultural workers you should do so for all other industry workers. Don't be bias. I also think if this were to go through the cost to produce food will be higher and that costs will be forwarded to the public and for the last two years we have all heard the complaints of higher food prices. Please don't create more bureaucracy especially for agriculture.
