

Submitter:

Eleni Mastronardi

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1003

As a Washington resident, this will directly put those I care about in danger, since Oregon allows out of state citizens to come to be killed. We are in such close proximity that it will unfortunately be tempting for those nearby who are going through extremely difficult circumstances emotionally, financially, physically, etc. to consider suicide when they are in a distressed emotional state. Please do not allow this bill.
