

Submitter: Janet McKeehan

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1003

Life is very precious and many who tried to commit suicide and did not succeed were glad to have the second chance.

I am opposed to this bill especially:

- Expand language to allow non-physicians to prescribe lethal medication under Oregon's "Death With Dignity Act;"
- Cut the state's 15-day waiting period in half;

Please do not let this bill proceed any further!

Thank you,  
Janet McKeehan
