

Submitter: Andrew Yandura

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1003

SB 1003—is moving through the Oregon legislature that would dangerously expand the state’s so-called Death with Dignity Act. If passed, because of Oregon’s removal of its residency requirement in 2022, this law would affect vulnerable patients nationwide and further normalize suicide as a “solution” to potential suffering.
