Measure, Appointment or Topic:	HB2006

Members of the Committee,

HB2006 is a common sense bill that I hope all of you will support at some level. the exact number of bills that needs dialed in is an open question that is worthy of thoughtful discussion . But the reality is that there are way too many bills indtroduced every session . As a thoughtful engaged citizen who spends way more time than I should trying to keep up with what the legislature is trying to do,

It is overwhelming and unreasonable to expect normal people to follow the excessive number of bills that inevitably get introduced .

Please give HB2006 thoughtfull consideration and put some sort of limitation on the number of bills that are introduced.
