

Submitter:

Holly Denman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1003

Seriously? This is your answer to the drop in tourism, population and economy; to make Oregon the number one death destination in the country? Isn't it enough that we hav our market share of abortion and suicide?

If people want to kill themselves, it will happen without anyone else's help.

Please.don't participate or vote in favor of this nonsense! There is no rational level where this can be a good idea and if you vote in favor it will speak volumes about your integrity, your value.of life and your care for your constituents who have entrusted you to represent them.
