

Submitter:

Amanda Lynn

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1003

This Bill is downright murder. It is stupid! Who are we Canada. All these underlings will become power trippers and get a high from killing people. So incredibly stupid. Those who drafted this nonsense should be kicked out, they are serving themselves, not the people. In fact they want to kill off the people.

So if you have not noticed.....please oppose murder

Thank you

Amanda Lynn
