Suicide is never an option! It is a permanent solution to a temporary problem. It's taking a LIFE THAT NEEDS HELP NOT ENDING IT! People just want to be out of pain not dead. I committed suicide and my life was saved at 23 with little babies. Now I'm 76 and have lived a good long fruitful LIFE! My children have a mother and I'm a grandmother OF FIVE GRANDCHILDREN! SUICIDE IS NOT AN ANSWER IT IS THE END OF ANSWERS AND HOPE.
