

Submitter: Richard Rohl

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: SB485

We have six tree farms located in Lane and Linn counties, all of which we purchased during our working careers. These parcels range in size from 10 acres to 400 acres and all are forested with many of the acres planted by us.

Our stands are largely between 20-30 years old. Intensive work was required to produce healthy stands of timber of this age (planting, vegetation control, precommercial thinning). We are now in our 70's and may or may not see the final harvest on these stands. SB485A will allow our heirs to continue to grow our trees for many years without harvesting.

Thank you for your consideration and please pass SB485A.

Respectfully submitted,  
Richard and Mary Lou Rohl
