

Submitter:

Carolyn Taylor

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1003

Please oppose SB 1003. Non-physicians have no business facilitating the killing of our citizens, Cutting the wit period in half is not ethical. Those affected need time to search out their options before making an irreversal decision that will literally affect their life. Again PLEASE VOTE "NO" ON SB 1003.

CAROLYN TAYLOR
